June 2007 is Optimist International Childhood Cancer Awareness Month. During June, Optimist clubs will be sponsoring projects to raise funds to benefit the Optimist Childhood Cancer Campaign. The main focus of the campaign is to support a five year Endowed Research Fellowship at Johns Hopkins in Baltimore to develop a targeted therapy to fight AML, the second most common form of child leukemia and a type of leukemia with a high mortality rate. The Greater Jacksonville Optimist Club and other Optimist clubs in Maryland are not only supporting the Optimist International Childhood Cancer Campaign, but are also working with the Sidney Kimmel Center at Johns Hopkins supporting the non medical needs of families and children who are at Johns Hopkins for treatment.

The purpose of the Golf Balls Against Childhood Cancer project is to raise funds to support this effort. You are invited to participate in the project. We are requesting a donation of \$10 to sponsor each of the golf balls. The balls will be numbered 1up to a limit of 175 and will be put in a bucket which will be elevated over a golf hole and dropped over the hole. The sponsor of the ball that goes in the hole or is closest to the hole will receive \$500.00 or one third of the total revenue if less than 150 balls are sponsored. The funds raised will be donated to support the Childhood Cancer Campaign as described above.

If you would like to participate, please complete the form below and mail it with your check, payable to the Greater Jacksonville Optimist Club or GJOC, for the number of balls you would like to sponsor at \$10 each to:

**The Greater Jacksonville Optimist Club,
Golf Balls Against Childhood Cancer
PO Box 442
Phoenix, MD 21131.**

When we receive your check, we will mail you a ticket like the one printed above with your assigned golf ball number(s). For additional information please call Dennis Lane at 410-592-2574 or 410-592-7067 or send an e-mail message to djlane@juno.com. Thank you very much.
